

Call Forwarding

- From Self Care Portal - <https://cscm1.cstcc.lan/ucmuser/>
 - Note Must be on **VPN (if off site)**
- Phones, Call Forwarding

The screenshot shows the Cisco Unified Communications Self Care Portal interface. The top navigation bar includes the Cisco logo and the text "Unified Communications Self Care Portal". Below this is a horizontal menu with tabs for "Phones", "Voicemail", "IM & Availability", "General Settings", and "Downloads". The "Phones" tab is selected, and a sub-menu is visible with options for "My Phones", "Phone Settings", and "Call Forwarding". The "Call Forwarding" option is highlighted in blue. The main content area displays the "Call Forwarding" configuration for the extension "5767/ENTERPRISE_PT". A checkbox labeled "Forward all calls to:" is checked, and the phone number "814787318289" is entered in the adjacent text field.

- Click the check box and enter phone number as you would dial.
- Click Save and you have forwarded your phone.
