

1

Chattanooga State Community College (ChSCC) Emergency Alert System, Tiger Alert, is an important aspect of ensuring campus safety during emergency situations and when information needs to be quickly communicated with all staff/faculty/students.

2

The scope of this policy includes all staff, faculty, adjuncts, students and various other identified people that need to be notified during emergencies, such as Child Development Center parents/guardians and vendors that work on campus.

3

Each individual has the ability to opt-in for other communication avenues such as other cell phone/ text and/or other email addresses. Instructions on how to manage your Tiger Alert information are located on TigerWeb.

4

The Director of Environmental Safety is the designated authority for sending out Tiger Alerts. Tiger Alerts are sent out in case of:

- Emergencies
- Weather closings/delays

5

Users can add or remove phone numbers for texting or emails addresses by logging into Tiger Alert on the Self Service Banner page.

6

For full guidance on this please read Technology Division 08:23:01 policy and for all other Technology Division policies please go to the Technology Division web site.
